FIVE TUMORS REMOVED IN FIVE WEEKS

United Doctors Cured Him By One Treatment Without the Use of a Knife.

Most people who have piles suffer untold agonies and general health is soon seriously affected. So many doctors will keep treating these cases when they know that they have no scientific cure for the patient, but as long as the poor unfortunate patient will pay the suffer, the doctor keeps on treating, and at the end finally says the only help is the surgeon's knife.

It is a boon to pile sufferers to know that the United Doctors can cure piles without the knife. They will cure you without pain or cutting, and do it in a short time.

Mr. George Carson, who lives on R. R. No. 7, Kokomo, Ind., was cured, and now he writes as follows:

"Gentlemen: I suffered untold pain and misery for a period of fifteen years with a protruding, bleeding, itching and painful form of piles. I suffered untold agony. I became so weak from loss of blood and pain that I was compelled to take my bed for days. My blood was so poor and thin that it caused my skin to become a yellow, dirty, muddy color, and my nervous system became a complete wreck. I tried every remedy that I could hear tell of, all kinds of instruments, suppositories, sure cures, dilators, and four different doctors, all to no avail. I had about given up all hope of ever being cured in despair and disgust, at the same time realizing that I had to get relief or go to the bone yard. Life is sweet and I was groping in the dark.

I began to hear and read about the wonderful cures the United Doctors were producing, but had little faith. I had tried every other treatment to no avail, and like a drowning man I finally concluded to try their treatment.

I had five large tumors. Within three weeks from the time I commenced treatment I had none. The surprising thing about the treatment was I suffered no more pain than I had from the piles themselves for the same length of time.

Language cannot express the gratitude I feel toward the United Doctors. I feel that they snatched me from the grave, and that praise for their treatment cannot be made too strong.

I make this statement not for the benefit of the United Doctors so much as for all those poor suffering human beings who are suffering from the hell tormenting piles, and to tell them where to go to be cured, for I am sure that the United Doctors can cure any case, for I don't see how any one could have been worse than I and lived.

George Carson, R. R. 7, Kokomo, Ind.

RESINOL CURED AWFUL PIMPLES

Whole Face Covered, Now Clear.

Brooklyn, N. Y.—"I was troubled with two or three pimples coming out on my chin. In a week or so my whole face was covered with them. Friends advised me to use different lotions and salves. I tried them, but they did me little good. If any, I finally washed the pimples with Resinol Soap and applied Resinol Ointment before going to bed. In the morning I found the swelling going down, and the inflammation gone from the pimples. I tried this treatment for about a week, and found that most of the pimples had disappeared. I kept the treatment up for about a month, and then my face was clear of all pimples. I have used Resinol Soap since, and find that the pimples do not come back." (Signed) Walter A. Stenstrom, 54 Wiloughby Ave., Oct. 8, 1912.

Resinol positively stops itching instantly and speedily heals eczema, and other skin humors, dandruff, sores, burns and piles. Resinol Ointment and Resinol Soap are sold by every druggist. Trial free; Dept. 11-P, Resinol, Baltimore, Md.—Adv't.

Why Endure Sore Feet Here is Positive Easy Cure

The following is said to be the surest and quickest cure known to science for all foot ailments: "Dissolve two table-spoonfuls of Calocide compound in a basin of warm water. Soak the feet in this for fully fifteen minutes, gently rubbing the sore parts." The effect is really wonderful. All soreness goes instantly; the feet feel delightful. Corns and callouses can be peeled right off. It gives immediate relief for sore bunions, sweaty, smelly and aching feet. A twenty-five cent box of Calocide is said to be sufficient to cure the worst feet. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. Any druggist has Calocide compound in stock or he can get it in a few hours from his wholesale house.

No Cure No Pay

O. F. FLEENER, M. D., Expert Doctor for Men Only.

Not a Dollar Need Be Paid Unless Cured!

MEN—You have only one life to live. Why not live it in full enjoyment of vitality? To gain a cure is more important than all other earthly considerations. It means freedom from anxiety and suffering. It means happy contentment for you, and for those dependent upon you. It means new vitality and restoration of perfect health. It means a stronger hold upon life and broader field of opportunity. Many of my patients express regrets that every person who is afflicted do not know and understand what I can do for them—many report their own experiences over and over, telling why they were in doubt before they came to me, and how sorry they were that they did not sooner learn of my treatment, which was absolutely reliable. I am the only specialist in South Bend who makes no charge unless the patient is entirely satisfied with the result accomplished, and who give a written guarantee of not a cent to be paid for service if a complete and permanent cure is not effected.
